

Blockbusters:  
Dreams and Disasters  
Genesis 37

We love dreams that bring hope and purpose. We hate disasters that bring discouragement and disillusion. But often dreams and disasters seem to go hand in hand. Why does God allow us to have dreams that get destroyed by disaster? Would we be better off to not even dream in the first place? How can you tell when a dream is from God and not just wishful thinking?

In our blockbuster, we learn some life-changing truths about dreams and disasters...

- The Lord gives dreams of His plan for us v.5-11
- The Lord almost always shatters those dreams v. 18-28
- If the dream is from Him, it will happen v. 36

*What dream is the Lord giving you for your life?*

*Will you trust Him to fulfill it in His time, in His way?*

**Big Idea: Even bad things can bring good...  
when we are trusting the Lord**
