

Blockbusters: The Test
Genesis 22

Why does God allow us to go through testing? Let's answer that with another question - What makes your faith grow? How can you become a more faithful person?

One of the necessary tools God uses is testing. When God allows a test to our faith, He is intent on teaching us to trust Him. Because when we trust Him, then we can really follow Him in faith!

In our blockbuster, we learn some life-changing truths about testing and faith...

- Testing is not about me v. 1
- Testing is scary, but God is trustworthy v. 2-8
- Testing is inevitable and valuable v. 9-12
- Testing strengthens our faith v. 13-14

*What is God asking you to trust Him on,
so that when He does it,
He alone gets all the glory?*

Big Idea: God tests us to prove to us... He is faithful!
