

# What Is God Up To At NMC?

Zechariah 4:6

When a church family clearly understands whose church it really is, when they grasp who owns it – it makes a profound difference.

At that point, we discover the need to truly follow the Master of the Church – Jesus Christ.

Then He can show us what He wants to do in His church, and even more importantly *how* He wants to do it.

Because *how* His work is accomplished is as important as the work itself...

*“Not by might, nor by power, but by My Spirit,” says the Lord Almighty.*

To really follow Jesus and ride His train, we must remember ...

- Getting on the Jesus train requires change.
- Jesus leads the change.
- We have to see the big picture.

Let's stay on board with the Master, so He can fulfill His plans in us!
