

Life is Sacred

Psalm 139:13-16

Our lives are a gift from God that we often take for granted. But God doesn't look at us this way. In fact, if God carried a wallet, your picture would be in it!

He loves you with such depth and understanding.

He longs for you to grasp how significant you are to Him.

He desires that you live your life for His purpose.

But you will never achieve the fullness of life He has for you, unless you are convinced that life is sacred.

Three principles flow from our passage and convince us that life is sacred. When we apply these principles to our lives it will impact how we view ourselves and others.

It will impact how we think about life issues.

It will impact our relationship with the Lord.

Life is _____ .
verses 13,15 Genesis 1:26,31; and Genesis 2:7

Life is to be _____ .
verse 16 Ephesians 2:10 ; Colossians 1:22

Life is to be _____ .
verse 14 Colossians 1:27

If we understand that life is sacred, that we are created by God to live, and called to consecrate our life to His purpose, we will then be able to celebrate for a lifetime.

And in that celebration, others will see the Lord in us.
